

## **BtL FeaturePlus**

**BtL**

### Overview

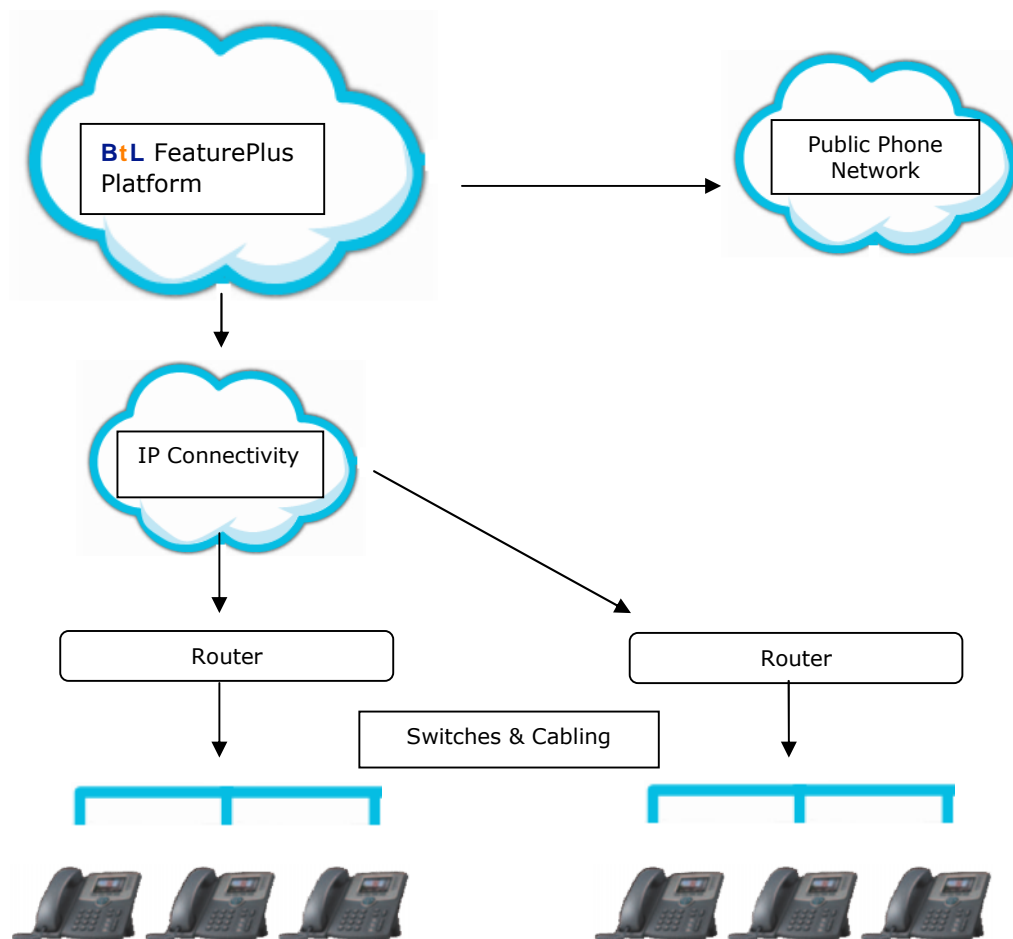

**BtL FeaturePlus** is a hosted telephone service that can be used with either analogue or IP Phones. Calls are routed over a highly available broadband connection; meaning your business will benefit from lower calling costs. This solution is ideally suited to small businesses, branch offices, and mobile workers. **BtL FeaturePlus** has different controls allowing you to configure the system exactly to your businesses desired requirements. **BtL FeaturePlus Premium** has all the features of **BtL FeaturePlus** as well as the added features of music on hold and call recording.

### The Benefits of **BtL FeaturePlus** to your business:

- Features that can be easily controlled
- **BtL FeaturePlus** can enable flexible change
- Reduced line rentals
- Can keep same number\*
- Ideal for branch offices
- Unexpected circumstances wont disrupt your business
