

BtL Customer Referral Program

At **BtL** we have always felt that our best ambassadors should be our customers, if we're doing our job right of course, and if we are not then please tell us.

We would like to make an offer of further increasing the value for money **BtL** provide by offering a referral fee. For simply introducing **BtL** to other companies you are associated with, be that a Customer, suppliers or just other companies you know, we will pay a **3% referral Commission**.

This can be done by simply emailing sales@btlc.co.uk with the contact details and possible areas of interest or by speaking to your contact and passing them our details, so that they can call us free on **0800 652 1522**.

The referral fee will be **3% of the referred customers spend** with **BtL** in their **first year** (paid quarterly). This amount will be credited off of your own invoice. So the more they spend the more significant the impact. There is no limit to how many and how much we can pay you, the commission could wipe out your own **BtL** bill. For example if a referred customer spends £25,000 with **BtL** over the course of a year, **BtL** will **credit back £750** to your account!

So if you are a happy with the service **BtL** provide then why not spread the word and save more money.

Partner Quote

“As a company, 1st Communications have found **BtL** to be an excellent and reliable partner, treating our valued customers professionally at all times while allowing us to extend our service offering into areas where we do not have the in house skills to do so. From our experience, they work honestly and ethically and pay all commissions on time and without quibble.

I would be happy to answer any and all questions that you have with regards to working with BtL. Please do not hesitate to contact me on 0207 553 4488 or email me on tom@1st-comms.com”

Thomas Jacques
